

Vanuatu Visa Requirements

Citizens of most countries do not need a visa to visit Vanuatu (See list of countries below).

Visitors may stay 30 days with possible extensions up to 4 months.

Visitors must have onward tickets to a place where they have authorised entry and sufficient funds to support themselves in Vanuatu.

Visitors may not engage in any form of employment or business activities without a relevant visa.

People wishing to reside or invest in Vanuatu should first visit Vanuatu as a visitor and talk to the Vanuatu Investment Promotion Authority. This is the one-stop official source of information for anyone wishing to reside in Vanuatu - either for investment or retirement. Visit the vanuatu-consulate.org.my website for more information.

No Visa Required
